

Voice | Internet | Cabling

est 2006 | A Utah Based Company

We deliver simple-to-use communications technology, real-time support, and cost-effective solutions.

It's all because of businesses like yours

We focus on delivering technology for your business that allows you to communicate efficiently with staff and customers. From Unified Communications to Fiber Internet, 1Wire offers your business custom, cost-effective solutions catered to your business needs.

Increase Productivity to Voice

Share your resources and seamlessly route calls between all your office locations and Internet connections. Use existing phone hardware and or mobile devices.

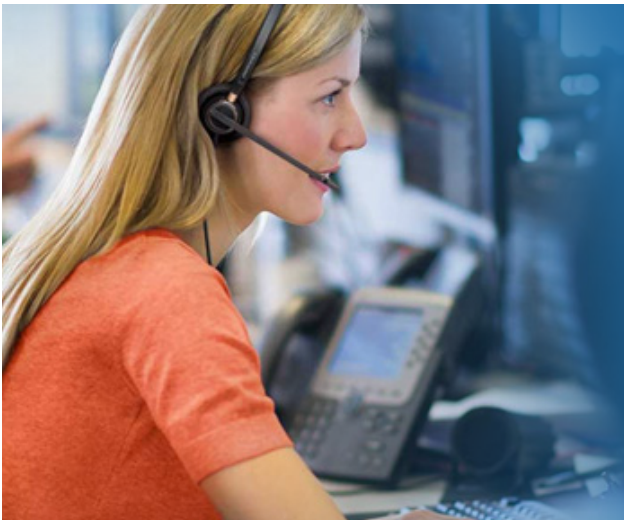

Unmatched Innovation to Fiber Internet

By unifying communications such as VoIP, SMS and Video, 1Wire offers your business unmatched business features. Integrate your favorite CRM, or take calls on your tablet. 1Wire makes it easy to work from anywhere.

Lower Costs to Cabling

Enjoy reduced monthly expenditures with 1Wire. Run advanced cloud based phones and networking solutions custom to your business at prices that meet your budget.

Customer Service

No more waiting on hold. Unlike our competitors, we have dedicated in-house service agents that work daily with our customers. We can provide you with quick and easy answers and solutions to any questions or concerns you may have.

What our customers are saying

Launa Turnbow

Excellent customer service! 1Wire's entire staff has been pleasant to work with and provided service in a very efficient time line. They are willing to go above and beyond to assure 100% satisfaction.

Lex Zavala

I have done phone switches in the past, but after working with 1wire and team, I can say that I have never worked with a group of individuals that were as prepared as these guys. One of the best experiences I have had from working with a Telephone company. Thanks guys keep up the amazing work!!!

Suzanne Dalebout

1Wire have been absolutely remarkable in every aspect from the very first phone call I made to Adam. We have experienced intermittent, and endless phone problems for the past few years. No-one knew what was causing these issues or how they could be resolved. As a large law firm with 4 offices and 80+ employees this was unacceptable and incredibly frustrating.

Switching to 1Wire was the best decision we could have made. They listened to every single one of our concerns, addressed them, and then went on to remedy every single one of them. Quickly and professionally! Their customer service and their ongoing support is outstanding and my only regret is that we didn't work with 1Wire sooner than we did.

I do not hesitate to recommend 1Wire and their amazing team.
