

# Your Next SIP Trunk Provider

## 1Wire SIP Trunks, the best and easy way to add phone lines to your business.

Minimize your capital expenses and get more from your phone system with 1Wire's SIP Trunking services. Add lines to your existing phone system or replace your existing phone system lines with easy to setup virtual phone lines.

## Unparalleled reliability delivered by redundant routing

1Wire utilizes sophisticated communications network which is connect to a redundant carrier grade VoIP that lives in the cloud.

## Always available

Your phones can be used for communications even in case of some failure by allowing you to route your calls to other offices or employee mobile devices.

## Lower costs

Long distance services are a great deal less expensive with SIP trunking. In effect, all calls become local calls and invoices become predictable and manageable.
