

Empower Your Business with Exceptional IT Solutions

Acrisure Cyber Services offers award-winning Managed IT Security Services with over two decades of experience, delivers comprehensive IT solutions tailored to your business needs. As your **dedicated technology services provider (MSP & MSSP)** we offer **proactive, customized IT services** that enhance productivity and ensure a competitive edge, **allowing you to focus on what you do best.**

Why Choose Us? Because We're Not Your Average IT Services Provider

Proactive IT Support

Move beyond reactive problem-solving with our **24/7 monitoring and issue resolution**, ensuring your operations run smoothly without interruption.

Custom-Tailored Solutions

We offer tailored IT solutions that **align with your specific business requirements**, providing the flexibility to grow with you.

Flat-Rate, No-Surprise Pricing

You'll receive premium, white-glove services for a **flat monthly rate + no binding or long-term commitments**, eliminating the worry of unexpected costs.

Expertise Across Industries

From finance, legal, healthcare, and across other sectors, we bring a wealth of knowledge to address **unique industry challenges and compliance standards.**

- **Over 20 years in business** as an award-winning managed IT services provider, trusted by hundreds of businesses in NYC and beyond.
- **Highest-rated MSP** in NYC.
- **Near-perfect CSAT score:** clients love what we do.
- **MSP 501 Winner:** among the best MSPs globally.
- **Best Place to Work** by Crain's NYC for 7+ years.
