

# Multi-Layered **Cyber Protection.** 24/7 Professional Support. **Zero Complexity.**

**~1/2**

of all cyberattacks  
target Small-Medium  
Businesses (SMBs).

**73%**

of SMBs experienced  
a cyber attack in  
2023.

**350%**

more social engineering  
attacks are experienced by  
SMBs than large businesses.

## Why should it matter?

It's not just about protecting data—it's about helping to protect of what you've worked hard for. **The impact of a cyber breach extends beyond downtime; it can result in loss of customer trust, legal repercussions, and financial instability.** We help protect the heart of your business—your customers.

## Our Impact in 2024

- **700,000+ malicious emails blocked** (including phishing and scams)
- **250+ Terabytes of customer data secured** (across Microsoft 365, Google, Salesforce, Azure, and more)
- **8,000+ devices actively monitored** for cyber threats (with ~3,700 threats detected and neutralized)
- **3,500+ security investigations** proactively conducted (identifying risks before they become breaches)
