COMMUNICATOR

The all-in-one platform for great conversations

With a single app for calling, video, text, collaboration, voicemail and fax, you can always come through for your customers and teammates—no matter where your team is.

CHAT IN REAL-TIME

Anytime, anywhere, from any device.

ALL-NEW VIDEO ^{*}CALLING

Supports up to 50 users, call recording and more.

CONNECT WITH YOUR TEAM

Chat with individuals or groups to bring remote workers together.

SEND AND RECEIVE SMS MESSAGES

Use your business number to message to any number or contact.

INCLUDES A SOFTPHONE WITH CALL MANAGEMENT

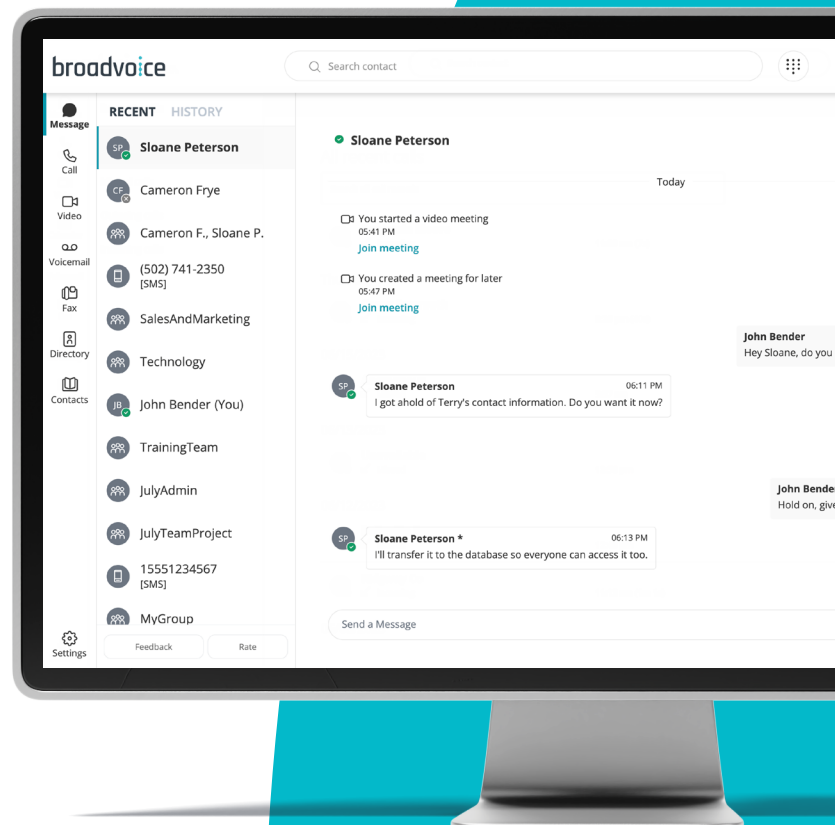

So you can mute, hold and blind call transfer.

VOICEMAIL & FAX INTEGRATION

b-hive voicemail and fax are now integrated into Communicator.

* Video features available with b-hive pro seats.

CONNECTED TEAMS BUILD STRONGER BUSINESSES.

Communicator is where conversations happen quicker, customer issues resolve in record time and your team can collaborate like never before.

Voice Calling

Make, take and manage (mute, hold, transfer) calls from your desktop.

Real-Time Chat

Chat with teammates one-on-one or in groups.

Video Conferencing

Make one-on-one video calls or host multiparty video conferences.

Text Messaging

Send and receive SMS text messages to any number.

Screen Sharing

Share a presentation, application or your desktop.

Unique Video Links

Each user has their own video link and can create private links for future meetings.

Meeting Lobbies

Private video calls have lobbies so only the host can admit guests.

Call Recordings

Record video and voice calls and store them for later.

Chat History

View full meeting details with recordings and chat history.

Voicemail & Fax

Voicemail with speech-to-text and virtual fax capabilities.

Team Status

Instantly see who is free, busy or away from their desks.

HIPAA Compliance

Secure and compliant experiences for patients.
