

Silicon Valley

DATA CENTER CAMPUS

Accelerate IT Modernization and Gain Competitive Edge with Leading Connectivity Solutions

ACCESS ALL MAJOR PUBLIC CLOUD PROVIDERS THROUGH THE OPEN CLOUD EXCHANGE®

Silicon Valley is home to thousands of tech start-ups and many of the largest high-tech companies in the world. CoreSite's Silicon Valley data center campus, comprising nine facilities, provides scalable colocation and networking options suited to meet the most demanding business needs.

The CoreSite Silicon Valley footprint – spanning Milpitas, San Jose and Santa Clara – offers one of the largest retail and wholesale campuses in the Bay Area. In fact, CoreSite is one of the only providers in Silicon Valley to claim both a natively dense network and cloud ecosystem as well as a wholesale capability. SV9 is certified as part of the NVIDIA DGX-Ready Data Center program and is capable of supporting artificial intelligence (AI), machine learning (ML) and other high-density applications. CoreSite is also one of two data center providers that offer direct connection to AWS, Microsoft, Google Cloud and Alibaba.
