CORESITE

An American Tower Company

THE INTERSECTION OF

Interconnection

From high-performance computing, AI workloads and inferencing, IT is undergoing a foundational shift. Organizations must now support increasingly dense workloads while enabling fast, secure connections to cloud providers, network partners and business ecosystems.

On-premises data centers require significant time and capital, while cloud-first approaches face high transfer costs and security concerns. CoreSite addresses these challenges with purpose-built colocation data centers offering high-density space, efficient power and cooling, robust security and expansive interconnection for your most mission-critical infrastructure.

CORESITE COLOCATION DATA CENTERS ENABLE BUSINESSES TO

- **RUN PERFORMANCE-CRITICAL WORKLOADS AT SCALE**
- **IMPROVE OPERATIONAL EFFICIENCY**
- **ACCESS A RICH ECOSYSTEM OF NETWORK CONNECTIONS**
- **ELIMINATE SIGNIFICANT CAPITAL INVESTMENTS**
- **MEET COMPLIANCE REQUIREMENTS**
- **ACHIEVE FASTER TIME TO MARKET**

WHERE YOU PUT YOUR INFRASTRUCTURE MATTERS

CoreSite, an American Tower Company, serves as the ideal interconnection hub to build and deploy a hybrid IT strategy to monetize and future-proof your business. Our interoperable platform centralizes direct access to partners in your digital ecosystem. We are the IT nexus where top cloud providers, service integrators, networks and fellow enterprises interoperate and collaborate to accelerate business initiatives.

THE OUTCOMES

POWER MISSION-CRITICAL WORKLOADS

CoreSite data centers are purpose-built to deliver the space, power, cooling and security essential to every enterprise. Certified by the NVIDIA DGX™-Ready Colocation Data Center program, CoreSite has achieved the gold standard in meeting the highest requirements to support AI deployments and high-density workloads.

HARNESS A RICH NETWORK ECOSYSTEM

With a highly interconnected ecosystem of networks, cloud providers and enterprises, CoreSite offers a wide range of virtual and direct connectivity options through a single platform—streamlining workflows, accelerating deployments and reducing cost.

FUTURE-PROOF YOUR DIGITAL BUSINESS

CoreSite's unrivaled team of experts and on-demand service platform ensure you have the tools and guidance to meet your evolving requirements. With 24x7 support and dedicated experts, CoreSite provides the foundation to innovate today and in the future.

"When we joined CoreSite, everyone laid down the red carpet in the pre-sales stage — and the red carpet stayed down since we have become customers. Our experience continues to be phenomenal."

WHY CORESITE?

CoreSite advances your hybrid cloud strategy through purpose-built, AI-ready colocation data centers that unify infrastructure, interconnection and a powerful digital ecosystem. With strategic access to leading clouds, networks and partners—backed by more than 20 years of operational excellence—CoreSite delivers a secure, high-performance foundation for AI, high-performance compute and inference-driven workloads at scale. Offering high-density space, resilient power and cooling, robust security and expansive interconnection, CoreSite enables organizations to run mission-critical infrastructure, expand into new markets and improve ROI:

- **Save up to 60%** on CoreSite cloud connectivity compared to traditional telco and SDN offerings*
- **Save up to 50%** by connecting to 500+ network service providers at CoreSite*
- **Cut data replication costs by as much as 70%** using direct interconnection and eliminate data egress costs when restoring data from certain local cloud availability zones*

ON-SITE CLOUD ON-RAMPS TO ALL MAJOR CLOUD PROVIDERS

aws · Microsoft Azure · Google Cloud · Alibaba Cloud · ORACLE CLOUD · IBM Cloud

CUSTOMER-FIRST MINDSET

- Customer-centric culture rooted in CoreSite values
- Remote hands act as an extension of your team
- Unsurpassed operational excellence
- 100% uptime SLA
- MyCoreSite unified service delivery platform
- Compliance certificates with all industry regulatory guidelines
- 24x7x365 technical support
- Sustainability focus
