

No Messy Wires,

No Annual Contracts.

**Now you can get the performance of 5G
Ultra-Wideband for your business or home office
– without the wired connections.**

Outstanding speed, Massive Capacity and Unlimited Data.

Use as a primary internet connection for those hard-to-reach locations or use as a back up for your phone, POS system, or internet connection is never out of service.

If you don't have a 5G router, we can provide one for you. We have 5G Gateways as low as \$450⁰⁰. Need a router to run your business, we have high end routers as well with financing available.
