

Employer Onboarding Simplified

In today's remote and hybrid work world, employees need the technology and resources to hit the ground running on their first day whether that be in office or remotely.

Empower your staff with an unparalleled onboarding experience that ensures their success on day one.

Customized Onboarding Tech Packs

- Customized employer branded welcome letter
- Corporate branded items (water bottles, notebooks, backpacks, apparel, etc.)
- Corporate branded tech accessories
- Fully configured, ready-to-use secure laptops, tablets and cellphones

Simplified Deployment

- Fully customized staging and kitting
- Direct ship to employees from MetTel's smart warehouse at the click of a button

Secure Solutions

- Pre-installed corporate applications for communication, collaboration, and productivity
- MetTel SingleSIM allows employees to seamlessly transition between public and private workspaces using cellular vs. unsecure public Wi-Fi

Superior Support

- MetTel Award winning 24/7/365 support how and when you need it
- Designate your in-house corporate IT and HR support contacts for a smooth experience
